

## Say The Truth

Show your feelings  
Show love or hate  
Show your feelings  
Don't be afraid

Tell if you like one  
Say who bothers you  
Say if you love one  
Maybe he loves you, too

Say when you're lonely  
When you're happy, too  
Tell us when you're sad  
Cause it will help you

Say the truth  
I don't want you as a liar  
Say the truth  
Oh, please don't lie

Say what you're thinking  
Always tell your mind  
Say what you're needing  
But tell no lie

Say always what you want  
Come out of your shade  
Don't hide your feelings  
Or you're on the blade

Say the truth  
I don't want you as a liar  
Say the truth  
Oh, please don't lie
